

PROJECTS

Projects

Khayaalethu

PROJECT FOR YOUTH AT RISK

Khayaalethu invests its energy in prevention and early intervention initiatives with children, youth and their families from at-risk communities struggling with issues of homelessness and other unhealthy forms of street life. The intention is to ensure that families stay together. This project operates in Pietermaritzburg.

Internship

LOCAL TRAINING PROGRAMME

The Internship (local volunteer) program exists to provide opportunities for young adults to practically serve underprivileged communities through YFC/KZN projects while being trained and mentored by workers in the youth developmental field.

YOUTH DEVELOPMENT CENTRE

INTERNATIONAL VOLUNTEER PROGRAMME

The Youth Development Centre (international volunteer) program provides opportunities for young adults to travel to South Africa to serve in local projects working with at-risk and disadvantaged youth in a developing country.

Tennyson House

SERVING HOMELESS GIRLS

Tennyson House invests its energy in prevention and early intervention initiatives with children, youth and their families from at risk communities struggling with the issue of homelessness and other unhealthy forms of street life. The intention is to ensure that families stay together. This is a Durban based project.

CHANGE AGENTS

DISCOVERY AND HOPE THROUGH HIV AND AIDS EDUCATION

The Change Agents exist to serve schools and communities, using customised programs that promote behavioural change in the areas of personal development, gender, sexual and reproductive health and predominantly HIV and AIDS.

USAID CINDI

MAY'KTHELE PROJECT

Support and Care for orphans and vulnerable children

May'kethele is a project serving orphans and children made vulnerable due to HIV and AIDS. The project aims to support and care for orphan and vulnerable children through school and family intervention, e.g. HIV and AIDS workshops, School fees exemption, psychosocial support, voluntary counselling and testing etc. May'kethele project is funded by USAID/PEPFAR through the CINDI network.
